

## Project Greenlight 3

### Top 10 Director Scene Assignment Instructions

The scene is written to be as ambiguous as possible as to tone, character, gender, setting, circumstances, etc.

Contestants must select 2 of the 3 pages, combine them in the order of their choosing and shoot a single short film between 3 and 5 minutes in length. Additionally, you must add OR select dialog as prompted. Otherwise, the script must be played verbatim; however, pace - pauses, mumbles, gesticulations - are entirely up to you.

It is entirely up to you to decide how many characters are interacting in the scenes, how many locations are used, how many scenes you break the dialogue into, and whether or not the scenes are related or completely standalone. The only requirement is that at least one character must communicate all of the lines in the script. It's up to you whether the lines are spoken, titled, in a foreign language, in slang. But ONLY the lines listed may be used and ALL lines must be used.

Items underlined and italicized are for you to select (for example: if the script has "he/she goes outside" it's up to you to decide whether this will read "he goes outside," or "she goes outside"). You must select and use one of the offered choices.

You MAY NOT use any music (whether pre-recorded or your own performance) in your scene.

We'd like you to be creative and inventive. The scenes can be funny, scary, tense, sad, some combination of these or whatever you like...we look forward to seeing what you come up with.

THIS SCENE IS YOUR CHANCE TO SET YOURSELF APART FROM THE REST OF THE CONTESTANTS, SO MAKE THE MOST OF IT.

**IMPORTANT: Please be sure to stay within the exact parameters of the assignment, especially where we're asking for you to fill in dialog. Make sure you select from the choices and ONLY from the choices. Your scene will be subject to disqualification if you violate the rules, even if we love your work.**
